The Journey Within Course Information

Our sole purpose is to help students
advance their level of mediumship
to the highest possible level — and to
prove that life is continuous.

About the School

Founded by Reverend Janet Nohavec, The Journey Within School for Mediumship provides students of spiritual and psychic studies with a foundation of constructive and disciplined development.

We cultivate our students with specialized methods of training in all aspects of spiritual, psychic, and mediumistic development. Our methods have been proven to be exceptionally effective and popular with students who wish to develop a high standard, and reach far beyond the norm.

The Journey Within School of Mediumship is associated with the first Spiritualists' National Union Church in the USA, known as 'The Journey Within Spiritualists' National Union Church.'"

The school's unique methods of development and training offered at the school challenge students' present potential by stretching their present standards. Clearly, the aim of any student is to reach a higher standard of mediumship by increasing the level of accurate communication with the spiritual world, working from a sound philosophical and practical basis.

About Janet Nohavec

Janet Nohavec was born and raised in northern New Jersey. A medium since birth, she has conscious memories of spirit communication from the age of 4.

As a young adult, Janet entered religious life and spent five years as a catholic nun. After leaving the convent, she felt drawn to work with her mediumship and received extensive training to polish her gift. For many years, Janet was an approved overseas tutor at The Arthur Findlay College, Great Britain.

Today, Janet teaches and demonstrates mediumship internationally. She is co-founder of the Journey Within School for Mediumship and pastor and founder of The Journey Within, A Center for Spiritual Evolverment, Inc.

Janet has demonstrated her mediumship live on numerous radio and television programs, including Fox Channel 5, WGHT, and New Jersey's Talking, WVNJ.

Janet has been the focus of many articles and was the feature of *New Jersey Monthly People Magazine*, called the real thing in *Body and Soul* magazine

Janet treasures the gift of her mediumship and proves the continuation of life after death with solid evidential support. She continues to live in New Jersey where her school, church, and private practice thrive.

the Foundational Keys Class is a prerequisite for this class

This course has been specifically designed for those with a basic understanding of mediumship to reach for new levels of accuracy in their demonstration of mediumship. Both in private readings and public/platform work.

Those committed to remaining focused on the evidential aspects of information and the clear evidential proof of the continuity of life will have their current level of gift expanded. We will explore symbolism, states of consciousness, mind focus and empowerment techniques. You will have the opportunity for your work to be examined closely. Some of the common problems and fears of public work will be addressed. Various techniques will be employed to allow you to see your own present standard of work and clear direction will be given to reach new heights of mediumship.

Practice, practice, practice and the establishment of private development circles will also be our focus. Our primary focus is the personal attunement of your spiritual, psychic and mediumistic qualities, allowing you to reach your fullest potential.

Your personal gift of mediumship is unique to you. Although we share common aspects, no two mediums are alike. This course is open to those who have studied with Janet previously and have already developed a strong foundation. Mediums of the past used certain techniques for the advancement of their mediumistic skill. This is a unique course which will help you to improve your confidence in your work.

Do you need a challenge? This is the next step.
