Experience the loving connection of the guides that work with us on a daily basis to help us in our lives, our work and our spiritual development. Through meditation and exercises, Colin will lead you to a place where you can meet your spirit guide and discover the work that he/she does with you. Bring a journal to record the insights that you've been given.

Colin Bates is a tutor and course organizer at the Arthur Findlay College Stansted; he is also a tutor and demonstrator at the SAGB.
